CARRY WITH CONFIDENCE

Our teaching philosophy is simple: treat every student with respect and dignity, create an environment where learning is easy to understand and fun. Carrying a gun is a way of life, not a hobby. If you are going to carry a gun, you must have the skills to get your gun out from your concealment, hit your target, and keep your gun running through malfunctions and reloads.

This **3 hour** course includes:

- *Learning to draw your gun*
- *Fire and hit the target twice in less than 1.5 seconds*
- *Survive a violent confrontation*
- *Conceal your gun*

All concealment types will be discussed:

- *Hip-holster*
- *Inside the pants*
- *Small of the back*
- *Cross drawn*
- *Women's purses*
- *And more...*

Must bring your own hip-holster. Must bring a concealment garment; jacket or coat. All range work will be done drawing your gun from hip holsters. No Serpa or Black hawk holsters allowed.
